

THULANI KUBEKA

At RISE we fast-track the careers of talented emerging creatives which is why we are excited that Thulani Kubeka has just joined our board. He is well-known to our creative community, having come up the ropes assisting and being mentored by some of our best photographers. Thulani's conceptual approach to a photographic brief; his considered use of colour, mood and lighting give his work and edge. Being open to experimenting as well as having a passion for learning new things makes him a true creative spirit.
