

ZANDER OPPERMAN

Unapologetically brazen and unique, Zander Opperman's photography has garnered attention from mainstream and underground brands and publications alike. With a portfolio that features frequent clients like Levi's and Jeep Footwear, lookbooks for local millinery brand Simon and Mary and Marianne Fassler's striking AW 2017 campaign, his range of work is as diverse as it is impressive. Zander's images capture a sense of raw emotion, and have been featured in numerous print and online publications including Gay Pages, Vulkan Online, Kaltblut and Playhaus Magazine.
